Team ID	N/A (Individual Project)
Project Title	Electric Vehicle Market Performance & Insights
Maximum Marks	3 Marks

Project Proposal (Proposed Solution)

This project proposal outlines a solution to address a specific problem. With a clear objective, defined scope, and a concise problem statement, the proposed solution details the approach, key features, and resource requirements, including hardware, software, and personnel.

Category	Details
Project Overview	
Objective	To design and develop an interactive Tableau dashboard and Data Story that visualizes global EV market trends, sales, and battery performance.
Scope	Data extraction, cleaning, calculation of executive KPIs, and visualization using Tableau Desktop for deployment on Tableau Public.
Problem Statement	
Description	Executives and supply chain managers struggle with scattered, static reports, making it difficult to correlate EV battery chemistries with market pricing, range, and global sales.
Impact	Solving this enables stakeholders to make rapid, data-driven investment and supply chain decisions, mitigating the risk of poor platform strategies.
Proposed Solution	
Approach	Ingest CSV/Excel datasets into Tableau, clean data with calculated fields, and build a 3×3 dashboard alongside a 6-point Tableau Story.

Category	Details
Key Features	Interactive filtering (Region, Segment, Battery Type), real-time KPI scorecards, geographical production mapping, and web accessibility.

Resource Requirements

Resource Type	Description	Specification/Allocation
Hardware		
Computing Resources	CPU/GPU specifications, number of cores	Intel Core i5-14450HX (14th Gen) / NVIDIA RTX 3050
Memory	RAM specifications	24 GB DDR5
Storage	Disk space for data and local extracts	512 GB PCIe Gen 4 SSD
Software		
Frameworks / BI	Analytics and publishing platform	Tableau Public Web Server
Libraries / Tools	Desktop visualization tool	Tableau Desktop Public Edition
Development Env.	OS and file management	Windows 11
Data		
Data Source	Source, size, format	Global EV Market Data (CSV/Excel), ~10-50MB
